

GOGREEN CERTIFICATE 2023

Technisch Handelsbureau Pappot B.V.

offset a total of **359.092 kg CO2 emission**
for 2023 with GoGreen Products and Services.

DHL Group has offset the greenhouse gas emissions generated by transportation and logistics through worldwide, registered climate protection projects.

More details about the DHL GoGreen Projects Portfolio and selection criteria can be found at: group.dhl.com/climate-protection-projects

Andreas Mündel

Senior Vice President
Strategy & Operations Programs

This certificate is issued by DHL Group. The greenhouse gas emissions stated on this certificate (reported as CO₂e*) include emissions from transport and logistics as well as upstream emissions from fuel and energy production. The emissions have been calculated and offset via expenditures on climate protection projects as mentioned above. SGS (Société Générale de Surveillance) has verified the tracked greenhouse gas emissions and the related offsets against the Carbon Management System and according to the „Greenhouse Gas Protocol – Product Life Cycle Accounting and Reporting Standard“ for the period of 01.01.2023 to 31.12.2023.

* CO₂e: The CO₂ equivalents for emission compensation include carbon dioxide (CO₂) and other greenhouse gases such as methane (CH₄).

GOGREEN CONFIRMATION 2024

Technisch Handelsbureau Pappot B.V.

is an official customer of the DHL GoGreen Services and actively contributes to climate protection.

DHL Group will offset the greenhouse gas emissions generated by transportation and logistics through climate protection projects.

Further information on the GoGreen climate protection projects can be found at: <https://group.dhl.com/climate-protection-projects>

Senior Vice President
Strategy & Operations Programs

This document confirms participation in the GoGreen Climate Neutral Service. The greenhouse gas emissions generated by transportation and logistics will be offset via expenditures on climate protection projects in accordance with international standards. The actual emissions offset will be verified by SGS (Société Générale de Surveillance) every year and approved by means of an official certificate.
